**Comments**

- This was a direct Procurement in line with section 33 (1) (d) of the Public Procurement and Disposal of Public Assets (PPDPA) Act for additional supplies of goods or services by a supplier, where a change of supplier would cause problems of inter-changeability or incompatibility with existing equipment or discontinuity of services, which would cause significant inconvenience or substantial duplication of costs to the procuring entity.
- PRAZ Board has two new Board members who need induction and training.
- The other seven members need retraining.
- The same consultant who trained other Board members the last time was engaged induction and training new members again for consistency.
