Seven bidders responded to the tender numbered MTC/25/ADM/64. On evaluation the following companies did not comply with the specifications,

Croco Motors is more expensive since it is 89 HP at \$35,500 as compared to 95 HP which costs \$31,000.

The evaluation agreed that out of the seven bidders Car Spackle Enterprise met the tender specifications but did not provide the required documents so the committee decided to go to the next bidder. The committee recommended to procure a 95 HP which is slightly greater than the
