Date: 02 December 2024

SUBJECT: Request for Direct Engagement EPCM Consultants Zimbabwe (Pvt) Ltd in Joint Venture with Ascon Africa (Pvt) Ltd under Contract No. PZL/CONSUL CONSTR SUPER/ F 2024.

Kindly approve the direct engagement of EPCM Consultants Zimbabwe (Pvt) Ltd for the supervision and commissioning of the Capacity Upgrade Project at a cost of USD 119,400.50 in accordance with Section 33(2)(f) of the Public Procurement and Disposal of Public Assets Act [Chapter 22:23];

" where additional services which were not included in an initial procurement contract but which were within the objectives of the original bidding documents have, through unforeseen circumstances, become necessary to complete the services described in those documents:

Provided that the total value of contracts awarded for the additional services shall not exceed fifty *per centum* of the amount of the original contract,"

The background of the matter is that EPCM Consultants Zimbabwe (Pvt) Ltd, in joint venture with Ascon Africa (Pvt) Ltd, was awarded the supervision and commissioning scope for the Capacity Upgrade Project, with an initial completion target of September 2024. However, due to unforeseen circumstances, including delays in the completion of work by the respective EPC contractors and the failure of the mainline motor onsite, the project timeline has been extended. The Capacity Upgrade Project is now expected to be commissioned in the first quarter of 2025. To ensure continuity and maintain progress, there is a need to directly engage EPCM Consultants Zimbabwe (Pvt) Ltd to continue overseeing the supervision and commissioning of the project.
